

Puts you in control

L&T Valves Limited is a wholly owned subsidiary of Larsen & Toubro. Backed by fifty-year track-record of excellence and world-leading innovation, the company provides engineered flow-control solutions for key sectors of the economy such as oil & gas, power, petrochemicals, chemicals, fertilizers and pharmaceuticals.

The valves are designed using state-of-the-art 3D design, simulation and analysis software. Finite Element Analysis (FEA) and Computational Fluid Dynamics (CFD) are extensively used. Prototypes are tested, both in-house and at advanced flow-control research establishments, to ensure that the valves deliver consistent high performance.

Gate, Globe & Check Valves

#150 to 4500, Cast & Forged Steel - CS, SS & Alloy Steels
Pressure-seal & Bolted-Bonnet, Valves for Power, Cryogenic Valves
Bellows-sealed Valves

Ball Valves

Trunnion-mounted, #150 to 2500
Cast & Forged Steel - CS, SS & Alloy Steels
Two and Three Piece Designs
Soft-seated and Metal-seated
API monogrammed, SIL-3 capable
Floating Ball Valves, CS & SS
Single, Two and Three-piece Designs
Soft-seated and Metal-seated

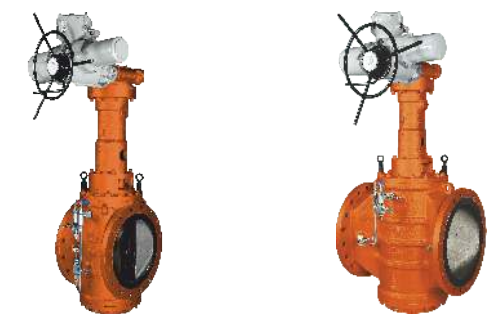

Butterfly Valves

Triple-offset, Metal-seated
#150 to 600, CS, SS & Alloy Steels
API monogrammed, SIL-3 capable
Flanged, Fabricated Steel
Pressure rating up to PN 40
Wafer, Lugged & Flanged
Cl, SG Iron, CS & SS Body
Integrally-moulded Seat
Pressure rating up to class 150

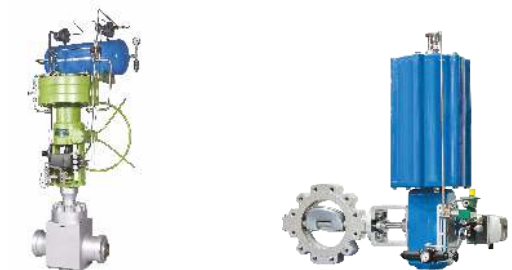

Double Block and Bleed Plug Valves

#150 & 300
CS, SS & Alloy Steels
API Monogrammed

Control Valves

Globe and Butterfly Control Valves
#150 to 2500
General Service & Severe Service
Low-flow Applications

L&T Valves is synonymous with world-class manufacturing and quality assurance systems. Our plants have the agility and flexibility to deliver a wide variety of valves against time constraints and dynamic customer demands. International safety, health and environment standards govern every phase of the manufacturing process.

The L&T Valves distribution network spans the globe, partnering key valve distribution companies in the world. In India, L&T Valves has a presence in all major industrial centres through a network of offices, authorised distributors, automation centres and service franchisees.

Larsen & Toubro is a USD 14.3 billion technology, engineering, construction, manufacturing and financial services conglomerate, with global operations. Its products and systems are marketed in over 30 countries worldwide. L&T is one of the largest and most respected companies in India's private sector. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business over seven decades.
